

## SKF PHC 120-1X5MTR

Simplex chain, ANSI

Chains are critical components in power transmission systems. Robust, quality chain drives extend mean time between failures, which reduces maintenance costs. SKF chains are manufactured in state-of-the-art facilities with tight quality controls.

### Technical specifications

| Dimensions                     |          |
|--------------------------------|----------|
| Pitch                          | 38.1 mm  |
| Roller diameter max            | 22.23 mm |
| Width between inner plates min | 25.22 mm |
| Pin diameter max               | 11.1 mm  |
| Plate height max               | 35.7 mm  |
| Plate thickness max            | 4.8 mm   |

| Properties       |                     |
|------------------|---------------------|
| Chain number     | 120-1               |
| Standard         | ANSI                |
| Category         | Transmission chains |
| Type             | Transmission chain  |
| Material         | Carbon steel        |
| Weight per meter | 5.62 kg             |

| Logistics          |             |
|--------------------|-------------|
| Product net weight | 28.1 kg     |
| eClass code        | 23-17-04-90 |
| UNSPSC code        | 26111505    |
