

SKF PHE L110NRWRAP

Jaw coupling, nitrile wrap insert

Jaw couplings provide a cost-effective solution for standard power applications, cushioning moderate shock loads and dampening low vibration levels. Virtually maintenance-free and easy to install, jaw couplings are available with a “snap wrap” element, allowing element replacement in situ. A complete jaw coupling with spacer consists of 2 hubs, 2 nitrile wrap insert, 2 ring kits and 1 spacer.

Technical specifications

Properties	
Category	Jaw couplings
Component	ELEMENT
Material	Nitrle
Size	L110

Logistics	
Product net weight	0.06 kg
eClass code	23-03-10-90
UNSPSC code	31171537
