

SKF PHC 60-1SS-C/L

Simplex connecting chain link, stainless steel, ANSI

Simplex stainless steel connecting chain links are used to connect the two ends of a chain together. Stainless steel has superior corrosion resistance for the most demanding applications. The links are designed for applications where a high level of cleanliness is required or harsh chemicals are used. These chains are suitable for food processing, pharmaceutical, high/low temperatures (-20 to 400 °C) and corrosive environments.

Technical specifications

Dimensions	
Pitch	19.05 mm
Width between inner plates min	12.57 mm
Pin diameter max	5.94 mm
Plate height max	18 mm
Plate thickness max	2.42 mm

Properties	
Chain number	60-1SS
Performance type	Corrosion resistant SS
Standard	ANSI
Link type	Connecting link
Category	Transmission chains
Type	Transmission chain link
Material	Stainless steel
Weight per meter	1.51 kg

Logistics	
Product net weight	0.028 kg
eClass code	23-17-04-90
UNSPSC code	26111505
