

## SKF PHE FRC110FTB

FRC coupling, taper bushed hub, type F

With a higher load capacity than jaw couplings and virtually maintenance-free operation, FRC couplings are designed as a general-purpose coupling. The HTB type is a tapered bushed hub, type F (face). FRC couplings are able to cushion moderate shock loads, dampen low levels of vibration and accommodate incidental misalignment.

### Technical specifications

| Dimensions         |         |
|--------------------|---------|
| Coupling hub width | 18.5 mm |
| Diameter           | 112 mm  |
| Hub diameter       | 100 mm  |

| Properties     |               |
|----------------|---------------|
| Bushing number | 1610          |
| Category       | FRC couplings |
| Material       | Cast iron     |
| Size           | 110           |

| Logistics          |             |
|--------------------|-------------|
| Product net weight | 1.45 kg     |
| eClass code        | 23-03-10-90 |
| UNSPSC code        | 31171537    |
