Wrapped narrow wedge belt

Belts provide a very efficient and cost-effective method for transmitting power from prime movers to driven machines. Narrow wedge belts have pre-tensioned polyester cords that provide low stretch during operation and a fibre-loaded rubber cushion that provides good transverse rigidity. Being fully covered in a heavy duty industrial fabric, wrapped belts have a high resistance against abrasion.

Technical specifications

Dimensions	
Height	23 mm
Pitch length	9017 mm
Width, top	25 mm

Properties	
Cogged	No
Material	CR (polychloroprene)
Section	8V
Tensile cord	Polyester
Wrapped Cover	Yes

Logistics	
Product net weight	5.1 kg
eClass code	23-17-02-90
UNSPSC code	26111504
