

SKF PHE FRC230NR

FRC coupling, natural rubber

With a higher load capacity than jaw couplings and virtually maintenance-free operation, FRC couplings are designed as a general-purpose coupling. The NR type is made of natural rubber. FRC couplings are able to cushion moderate shock loads, dampen low levels of vibration and accommodate incidental misalignment.

Technical specifications

Properties	
Category	FRC couplings
Material	NBR
Size	230

Logistics	
Product net weight	0.82 kg
eClass code	23-03-10-90
UNSPSC code	31171537
