SKF PHG SPC7500XP2

Xtra Power wrapped wedge belt

Belts provide a very efficient and cost-effective method for transmitting power from prime movers to driven machines. Wedge belts have pre-tensioned polyester cords that provide low stretch during operation. Using special materials for wrapping and a special fibre-loaded cushion rubber, Xtra Power belts can deliver more power than standard wrapped belts. This leads to an increased service life, less downtime, less maintenance and reduced cost.

Technical specifications

Dimensions	
Height	18 mm
Pitch length	7500 mm
Width, top	22 mm

Properties	
Cogged	No
Material	CR (polychloroprene)
Section	SPC
Tensile cord	Polyester
Wrapped Cover	Yes

Logistics	
Product net weight	2.57 kg
eClass code	23-17-02-90
UNSPSC code	26111504
